

February 2015

Happy February to all District 5 units:

I always have such good intentions to get these letters out by the end of the month so you will have them to share at your upcoming meetings but it never quite happens that way.

You all know we had our Winter Conference at the end of Jan., and I want to thank all the unit presidents and all the members of Dist. 5 that attended. It sure lets us know it is all worth while. We had our National President Janet Jeffers with us and she is such a down to earth lady. She shared with us some of the highlites of her year in office, and I can tell you I wouldn't want her schedule. She has visited a number of states plus overseas and has seen first hand the difference the American Legion Auxiliary has made in the lives of our veterans. **They know who we are** and thanked her many times for the things the aux. has done. Of course none of this would be possible without our great members.

I have not met a more generous group of women, either with monetary donations or donations of their time! We are all getting older so some things are harder for us to do but we continue to do them (call us the miracle workers), so now we really need to find the younger generation or just new members to help us out.

I am not going to keep going on about new members but it will always be the topic of conversation at all meetings we have, so just try your best and get the word out about the American Legion Auxiliary and let the women around you know what a great group we are.

I do want to remind you all we need a Dist. 5 Vice President. I will be more than happy to be a Mentor and help in any way I can. Please look inside yourselves and maybe stand up and say I will do it. It hasn't killed me yet so I am sure when it is your time to be President you will be a great one.

Thanks, Katie Pulley....District 5 President
