

## Community Service

Community service is what you do all year, helping in your community.

Some things under this heading are:

Donating time and/or supplies to

- Schools
- Libraries
- Churches
- Senior Centers / Assisted Living
- Food Banks
- Meals on Wheels
- Blood Banks

Remember donations don't necessarily mean money. Your time and or supplies are valuable. Did you bake something you gave to some organization that helps someone? You count the ingredients and the time you spent making and delivering it. If it is being served are veterans and/or their family remember to count it as Veterans Service and you should keep track of number served.

Do you belong to other organizations? If so you can count those hours. It would be nice if you promoted ALA at those times and let people know you belong to ALA and are proud of it. Wear something to show that. (T-shirt, Jacket, Pin, Key Chain, ect. to show your pride. Things like walks and special events are a good place to show this.

Now that you've done your service let your Unit Community Service Chairman know or send to NDALA Department Secretary so she and let all the Department Chairmen who it pertains to know for their reports.

If you have any questions you can write to me or call me after 5:00.

Sandy Smith  
Dept. Community Service Chairman
