

Gackle Unit 250 Donates Books

Mayer-Morlock Unit 250 of Gackle donated funds to the Gackle-Streeter School to be applied toward the monthly Scholastic book order. This places a personal book into the hands of each elementary school student.

Scholastic Book Club books have been going home for years. So many times, kids are unable to order books because of limited funds. The Auxiliary donation provides each elementary student an opportunity to receive books during the school year. Books are sent home with students to keep as their own and share and read with their families.
