

**April 2024**

**2024 The Great Buffalo Round-Up for Membership**

MEMBERSHIP! MEMBERSHIP! MEMBERSHIP! Where have we heard this before? Membership is the key to keeping our American Legion Auxiliary alive and well in NORTH DAKOTA! Without a full roster of members who have paid their dues, we could eventually lose out Auxiliary!

We must awaken our units and members to the important issue of membership and encourage our members to pay their dues and help support veterans and their families. Let us strive in the next 30 days to reach 100% membership for all units.

I know that you hear me talk on this issue every month, but it is critical! North Dakota has a goal of 8,385 members, but currently we are far short of our goal. We only have 6,373 members paid for 2024. We still have 2,012 members to round up!

Contact your members! Ask them to pay their dues!. Ask your paid members to help you ask the unpaid members to pay their dues. We all need each other in order to have active, effective, vibrant Units fulfilling all our project and promises to our wonderful Veteran who gave their time, effort, and some who gave their lives for us. Let us never let them down.

Make it your Unit's priority to get your Unit to 100% PAID MEMBERSHIP! The statistics are:

12 unit at 100+

29 unit at 90%+

34 units at 80%+

Some units are missing just 1-4 members to be 100%

With just a few more phone calls, just a little more effort, you too can reach your Unit's goal!

Do not let your members slip away! Contact them by phone, email, or just send them a note asking them to come to a meeting or a coffee party! Let them know how important they are to you, your Unit, and especially to our Veterans!

Enlist other members to contact missing members. When we work together, we can accomplish great things.

I love you all and want our 2024 Great Buffalo Round-Up for Membership to be the 'Best Year Possible.'

*LoAnn Dick*, Membership Chairman
