

Community Service!!! Response Requested.

December 2025

Dear Unit Presidents,

Ann Ritacco, National Community Service for Northwestern Division is in search of Units that may have held a successful American Legion Family Day event in the last year or so. The following information explains what they are looking for.

We are in the planning stages of a webinar in February. We are looking for 2 guest speakers for the webinar that have held a successful American Legion Family Day, (ALFD) event at the unit/post level. We will need a contact name, phone and email for these units. I would love to see the Northwestern Division showcased in this webinar.

I know that it is the Holiday Season, but we need to have this completed in early January, so that we can present in February.

Thank you in advance for your assistance with this project.

If your unit has held an event and would like to take part in the webinar, please let me know as soon as possible so I can get the information to Ann.

Thank you,

Shelley Schuster, Department Community Service Chair
