

Hello everyone.

We had a great Winter Conference. Many memories were made. I took many pictures, but I would love more pictures for the Department President's scrapbook. If you had a chance to take photos and capture different memories from different perspectives, I would love to share those pictures as well. Please send them my way. I would also appreciate any pictures and articles you may already have shared publicly in your local newspaper and a copy of your unit's 2025-2026 history. I can be contacted at historian@ndala.org.
